

iQE Feel the Benefit Scheme

What is it?

The Feel the Benefit Scheme is a Government-backed initiative to bring affordable heating to the homes of those who need it most.

What does this mean for you?

Provided your customer is eligible, they will receive a **FREE replacement iQE boiler** and **you will be paid £700*** towards parts and labour.

* The amount of funding available for installation could change at any time prior to the job being approved.

How is this possible?

Under the Government's Energy Company Obligation (ECO), The Home Heating Cost Reduction Obligation (HHCRO) - formerly known as 'Affordable Warmth Obligation'. The 6 main UK energy companies have targets designed to provide support to low income and vulnerable households that are least able to heat their homes to an adequate standard.

Who is eligible?

Your customer is eligible if:

- They live in a privately owned property (owned by them or privately rented)
- Their boiler is broken or not working properly
- They have electric or solid fuel heating and a working mains gas supply
- and they are in receipt of one or more of the following benefits:
 - State pension credit
 - Income related benefits, with a child and an income of less than £15,860
 - Disability benefits, with an income of less than £15,860

Do these customers exist?

Yes. The Government has identified over 2.5m eligible households in the UK.

How can you join the scheme?

- You need to attend an Awareness Session which will last for 1.5 to 2 hours where you'll receive all the information you need to get involved
- You need to be Gas Safe Registered for the installation of Gas Boilers or use an installer that is
- You must be PAS2030 Certified or a certified Green Deal Installer *
- You then register to join the scheme

*As part of the iQE Feel the Benefit Scheme we provide full PAS2030 or Green Deal Installer training and certification at a competitive rate.
